

# 1414 ARAMID THREAD

## 1414 PARA-ARAMID THREAD

Para aramid sewing thread is a high strength, high modulus fire retardant sewing thread made from 100% para-aramid fibre. It offers exceptionally high strength retention and can be used to stitch durable protective seams that can withstand burning flames, ballistic resistance and exposure to high temperatures.

## FEATURES

- 1. Wear resistance
- 2. Complexity
- 3. High strength
- 4. Ultimate strength

## APPLICATION

- 1. Fire fighting clothing
- 2. Space suit
- 3. Aerospace
- 4. Military protective garments
